Today's typical workplace can include five different generations working together, bringing varying expectations, challenges and opportunities for employers and their workers/volunteers. Join us at DoubleTree by Hilton, Dunblane Hydro in May for our Annual Conference to hear from our fabulous line up of speakers who will share their knowledge and insights of the year's theme the generation game. We encourage governing body, management and staff team members to come along as there is

Our full run through of speakers is attached, which includes Dr Donald Macaskill, Gordon Robb, Professor Roger Willey & Emma Willey, plus TV and radio personality Des Clarke. This week we are delighted to spotlight:

**Séamus Corry, Chief Wellbeing Officer, Mental Health Practitioner & Podcaster will be focusing on the development of wellbeing and positive mental health culture in the 20<sup>th</sup> Century and the challenges facing us in the 21<sup>st</sup> century.**

**Jennifer Cairns & Alistair Reid, will be discussing the Introduction of AI to their organisation, West of Scotland Housing Association. Their workshop will cover how a staff generated project has improved processes and had a positive impact on job satisfaction.**

It'll be nice

If you are new to our conference, we think it worth mentioning that we never miss the opportunity to provide some first-class entertainment. On Saturday night we have Elite Cabaret joining us with their show through the decades. You definitely won't want to miss it.
