

Barrhead Housing Association

Blackburn Square Development Update

Barrhead Housing, in partnership with East Renfrewshire Council, is set to create six new, energy-efficient homes at Blackburn Square (on the former site of Auchenback Community Centre).

The Council has transferred the land to us, and we've appointed **John Gilbert Architects** while engaging key stakeholders. The site investigation is complete, and we're now procuring a team of specialist consultants to shape the project. Our goal is to apply for planning consent by early 2025.

Exciting times ahead!
