

Civic reception for Elderpark Housing Association to mark 50 years!

Ederpark Housing was honoured by Glasgow City Council with a civic reception on August 8 and took place at the City Chambers as Ederpark continues to celebrate its 50th anniversary. The occasion allowed many people who have contributed to the organisation over the last five decades to mark this important milestone.

It is the policy of the council to mark special occasions from city organisations 'celebrating either 50 years or centenaries' and the invitation came from the Lord Provost's office.

The municipal honour comes just weeks after former First Minister Humza Yousaf MSP [laid down a Parliamentary motion](#) at Holyrood congratulating Ederpark on its half century. The motion attracted support from across the political spectrum.

Gary Dalziel, chief executive of Ederpark, thanked the local authority for "recognising the longevity and success of this community-based organisation". Gary added: "Ederpark Housing is delighted to be receiving a civic reception at the invitation of Glasgow City Council as the organisation marks its half century of service to the community within the Govan and broader Govan area.
